Skills

JavaScript

HTML & CSS

SASS

Bootstrap

SQL

jQuery

Git

Hobbies

- Camping/trekking
- 5-a-side football
- Reading
- Learning new things
- The great outdoors
- Rubik's cube

Summary

Passionate web developer intent on learning as much as possible. A meticulous eye for detail and take pride in everything I do. Focused on writing clean, semantic, reusable code; implementing best practices. Currently building a portfolio to demonstrate all that I have learned. My main priority has been HTML, CSS, SASS and vanilla JavaScript but am now learning JS frameworks.

Looking for a junior web developer role, available to start immediately.

Employment History

Data Analyst, Credit Benchmark, London

SEPTEMBER 2018 – JANUARY 2020

Credit Benchmark is a financial data analytics company.

- Responsible for bespoke analysis for internal purposes and external meetings.
- Monthly publish of data. Consolidated all data that we received and investigated any anomalies, ensuring a high degree of data quality.
- Collaborated with many departments including Research, Product, Strategy, Development and Sales on a range projects.
- Used SQL queries to pull any required data from the databases for analytical purposes.

Volunteer English Teacher, Trishuli Rafting, Nepal

NOVEMBER 2017 – JANUARY 2018

- Solo English teacher at a rafting company, responsible for teaching ages 11-27 all at varying different levels of ability.
- Held three different lesson schedules for beginner, intermediate and advanced.

Matching Team Member, TJX Europe - Finance Department, Watford

SEPTEMBER 2016 – SEPTEMBER 2017

- Investigated any variances, to ensure all invoices were matched correctly.
- Later assigned to match overdue invoices, which were the most difficult to resolve. Managed to significantly reduce the backlog.

Education

Accounting & Finance BSC, University of Wales, Swansea

SEPTEMBER 2013 – AUGUST 2016

Graduated with a 58.47% average.

TEFL, Saint Georges International, London

JULY 2017 – AUGUST 2017

Qualified to teach English as a second language.

Ashmole School, London

A-levels in Maths, Biology and Economics.
